During the year the Association puts on a number of events and runs a number of projects aimed at improving the sites. To make these a success we really need your support. Please indicate below how you could lend support at an event (e.g. Summer BBQ) or with a project (e.g. help with clearing a site or to make a better communal area). You can tick as many you like – this does not commit you to anything but lets us know how you might be willing to help.
